

# Leasing

Our Real Estate Department is nationally known for its representation of landlords and tenants in office, industrial and retail projects. Our firm is unusual in that we represent both landlords and tenants, an experience that has informed our approach to the concerns each party has in a complex lease negotiation. Each year, we participate in hundreds of leases across the country and internationally. The extensive scope of our leasing practice affords us practical insights into the current market and leasing practices in all of the major markets throughout the country.
